

# NIERBO

Hello,

Thank you for your purchase of the NIERBO Projection Screen. A quick note before you use it.

◆ How to remove the screen wrinkles?

Due to limited volume by shipping, we will fold it and put it in a bag. Therefore there are some wrinkles as it shows when you receive it. You can wrap it on a stick tightly for more than 10 hours or wash it to make it unfold, you can also use iron but remember not too hot.

◆ Got a minute? Tell us (and other shoppers) about your experience with your projection screen when you leave a product review.

We're here to help! If you ever have questions or run into an issue with your screen, just send email to us for immediate assistance.

Sincerely,

The NIERBO Customer Service Team
